Statement of Compliance

The Responsible Individual must prepare the statement of compliance.

CIW have published [guidance](#) on completing the quality of care review which provides advice on what could be contained within the statement of compliance.

Set out your statement of compliance in respect to the four well-being areas below.

The extent to which people feel their voices are heard, they have choice about their care and support, and opportunities are made available to them.	All service users have choices in all aspects of their daily lives. Their care planning involves all their wishes regarding the level of support they require for a full and happy life. Management are available daily at the service and are involved in the day to day running of the service. Our last inspection was complimentary on our open kitchen where our LD residents can make their own tea and toast etc to maintain an independence which is very important
The extent to which people are happy and supported to maintain their ongoing health, development and overall wellbeing. For children, this will also include intellectual, social and behavioural development.	Fully trained staff are fully aware of our service users needs and support level requirements. GP and district nurses visits are provided upon request. We accompany our service users to all hospital and specialist appointments away from the service. Also trips out for shopping and coffee are provided several times a week and are thoroughly enjoyed
The extent to which people feel safe and protected from abuse and neglect.	Our staff and management are always aware of any behavioural changes to our service users which could have an underlying cause. We have a comprehensive whistleblowing policy which our staff can safely use and know that they are fully protected by management. Safeguarding training is part of our comprehensive staff training programme.
The extent to which people live in accommodation that best supports their wellbeing and achievement of their personal outcomes.	Since our purchase of Plas Gwyn in December 2021 we have refurbished all bedrooms, lounge and dining room with new flooring and furniture. Electric profiling beds are used for our service users requiring assistance in entering and leaving bed. A new large passenger lift is now installed to assist wheelchair users. This all improves the day to day experience of our service users.
